FOREWORD

Early in 1938 a number of letters addressed to "Usual" Stucker (also various other spellings), Rapid City, South Dakota were forwarded to me by my aunt, Mrs. Frank Stucker then of Long Beach, California. She advised that they were intended for my father, Edmund Uzziel Jeptha Stucker, who had been deceased since Sept. 1934. On opening these letters I discovered they were from lawyers in Louisville, Kentucky who were endeavoring to settle an estate of one Simon Peter Stucker, an uncle of my father. Simon Peter had willed his estate to his thirty-two nephews and nieces. After communicating with my aunt, Mrs. Frank Stucker, several times, I wrote to one of these lawyers, a Mr. Clay in Louisville, and asked for the names and addresses of the thirty-two nephews and nieces. The following list was received by me on April 1, 1940:

Before this I knew only a few of my father's uncles or cousins by name. However, one or two names seemed familiar to me, being the ones about which I heard my father speak of more often. First, I wrote to Mrs. T. C. (Emma) Milnes, Claresholm, Alberta, Canada, because I recognized her name as being the daughter of my father's Aunt Mary. I knew my father wrote to her sister Alice in 1898 or 1899 but Alice's name was not on the list. Mrs. Milnes replied and advised that I write to Mrs. Jacob (Addie) Stucker, another cousin by marriage, who was then living near Edinburg, Indiana. Through correspondence with Mrs. Addie Stucker from 1940 to 1946, I learned of the families of most of the thirty cousins of my father. Mrs. Addie Stucker referred me to a nephew of Mrs. Milnes by the name of Guy Bevis, the son of Alice McCleary. Later he referred me to Mrs. Tina Barnhart of Pontiac, Illinois. In this manner I kept corresponding with three or four of the cousins down to the summer of 1949. I then accepted an invitation to attend the Stucker Reunion at Lafayette, Indiana, where I met dozens of the relatives. That was the first Sunday in August 1949. I met a Miss Anna M. Aldridge and her brother, Dr. James W. Aldridge of Covington, Indiana that day.

In the course of conversation with Miss Aldridge I was shown many pages of genealogy concerning her mother's folks (she was born a Stucker). Miss Aldridge suggested that it would be nice for me to become a D.A.R., that my line extended clear back to the Revolution and that she would send me data as soon as I returned to Kansas City. This was received that fall.

Another woman by the name of Mrs. Pearl Reasor of Bartlesville, Okla., had been trying to obtain Revolutionary connection on her mother's side from Mr. Charles B. Stucker, then president of the Indiana Stucker Reunion. When I wrote Mrs. Reasor she suggested to me that I write to Miss Jennie E. Stewart, Boulder, Colorado as Miss Stewart had a lot of Stucker listings. I wrote Miss Stewart and she advised that she could furnish me a list of the George Stucker descendants and that she would include the special data and advice for completing the D.A.R. papers. I wrote Miss Stewart at once for this material and found a wealth of listing about my ancestors. I copied this and returned it to her as requested. This material which she sent me to be copied is the same as that in the libraries at Easton, Pennsylvania; Denver, Colorado, and D.A.R. Library, Washington, D. C. as No. 2 Book - George Stucker.

The same system of numbering each descendant is used in this book that was used in all Miss Stewart's books. That is, for the first generation we use the digets 1, 2, 3, 4, 5, 6, 7, 8, 9, and (10); then for the second generation a diget is added to the right to show the approximate place of their children in the family. This goes on and on, regardless of how many descendants there are; no two persons have the same number. In the No. 2 George Stucker Book all have "2" as the left-hand number; then 21, 23, 25, and 28 to indicate his sons. In the beginning the diget designated the first number of the family discovered by researchers. For instance, 23 Jacob Stucker was younger than 25 John Stucker, but historians working on the papers discovered Jacob's family first.

Throughout this book the following abbreviations are used which are standard with most genealogists:

Lower case b. is for born
Lower case d. is for died
Lower case m. is for married

It is through the generosity and cooperation of Miss Stewart, genealogist for the Stockar/Stocker/Stoker/Stuckert/Stucker family, that I received most of the data down to the third and fourth generations and part of the fifth. However, in 1949 I began picking up data personally on the later generations of the No. 2 George Stucker line. I also obtained some information on his brother No. 4 Jacob Stucker, which I passed on to Miss Aldridge. Much credit is due to Miss Stewart for her untiring efforts in gathering data on the first few generations. By referring to her notes you will notice this compilation was not started until the 1920's. To assemble information from 1731 to 1920 was really a remarkable accomplishment.

When this writer was in Boulder, Colorado during July 1952, copying manuscript for all the Stockar/Stocker/Stucker books Nos. 1, 2, 3, 4, 5, 8 and 9, Miss Stewart handed me a small print of the Stockar Coat of Arms. This is being reproduced in this book with the history that goes with the Coat of Arms as to how it was secured. See page 9.

There are a number of interesting legends connected with a family name. Here is one for the name of Stockar. It was reported that this family in Europe made "stocks" (fine canes) with which to climb the Alps; hence they were named Stockar. Later the name has been written Stocker, Stoker, Stucker and even Stuckert.

In order to show the family of the Immigrant Michael Stocker, I am including the Preface showing all his known children and grandchildren. If more information than is contained in this book is desired, I would refer you to the Library at Easton, Pennsylvania: Public Library, Denver, Colorado, and the D.A.R. Library, Washington, D. C. These libraries have books I, III, IV, V, VIII, and IX covering the descendants of George Stucker's brothers and sisters. Miss Anna M. Aldridge, Covington, Indiana, is now working on an expanded No. 4 Book, Jacob Stucker being her ancestor and she hopes to publish her book shortly.

Now, concerning the reason George and Jacob Stucker, who were brothers, being recorded as Stucker while the other brothers were usually known as Stocker, seems to be another Yankee story. Jacob went down into North Carolina and Virginia in the 1770's near Daniel Boone. George joined Jacob in Virginia around 1780, and it was there that they started writing their name Stucker. It was reported this was done because the name rhymed with Tucker, evidently someone who was a hero to them.

However, as this family's ancestors were from the Germany-Switzerland border line, someone whom they may have met may have told them about a Stucker family in Switzerland. Recently, I received data submitted to me on a Michael Stucker born 1640 Bern, Switzerland and who had a son born 1677 named Hans Stucker. In corresponding with the only descendant of this line living in U.S.A., we agree that we do not seem to show same data, there being an entirely different Coat of Arms. See Chapter III.

Preceding Chapter I, I am inserting two pages of marriage records, many given me by Miss Jennie E. Stewart (Some I copied from D.A.R. Library in 1955.) showing

marriage licenses issued in Clark, Jefferson and Washington counties, Indiana, and Woodford County, Kentucky. Opposite the names I have inserted the genealogical number which is as nearly correct as I could ascertain. Those names that I copied in 1955 have been added to the list given me by Miss Stewart, thinking they might assist in identifying others not yet traced.

The typed pages from the photostats of 21 Michael Stucker's Bible, under Chapter I, also show the genealogical number opposite all names that I was able to recognize. In a number of places the Bible record is so dim it could not be identified. This Bible was bought in 1789 by Michael Stucker at a cost of $6. I especially call your attention to the record of Michael and Nancy Stucker's children as on sheet "E" of the photostat, for the reason that his will did not mention Michael Stucker who was born September 7th, 1791, but did mention a William in that place. This may have arisen from the fact they later called this son Michael William to distinguish him more clearly from his father's name. We prefer to take the Bible record for all listings as Jeptha, the youngest brother, would have corrected it in his lifetime if Michael b. Sept. 7, 1791 was not his brother.

There are many reasons why a family is only partially recorded in this book. We write them for information and they do not reply, hence it is necessary to stop listing on that particular branch in future generations. We have requested biographical sketches but only a few have complied. Charles L. Stocker, in the 5th generation of line 5, was one of the first who started compiling genealogical data on the Stockers in 1920: Jennie E. Stewart, also of the 5th generation of line 5, started about the same time, and Horatio Gates Shull, in the 5th generation of line 1, was found doing similar work on the Stockers in the 1920's. They expressed the same findings, that unless we have the cooperation of many that a compilation such as this would be impossible.

I wish to thank the many who responded so nicely to my written requests, although they had never heard of me previously. In paragraph two of this introduction, I have named a number of people who assisted. Then in the fall of 1954 I secured a list of Stuckers from the telephone directories of a number of large cities, picked out a name or two at random from each city and requested information on their families. About ten of the forty who were circularized replied. Again, I thank all who have made this book as complete as it is.

—STOCKAR—

COAT OF ARMS

"Above is the Coat of Arms of the Stockar family of which you are a direct descendant. This coat of Arms was copied from a painting in a monastery in Schaffhausen, Switzerland. Cousin W. A. Stocker advised me that Benedict Stockar died in 1397 and that he lived at a time when Switzerland was struggling for independence. Schaffhausen was not admitted to the Confederacy of Switzerland - all lying north of the River Rhine - was prior to 1501 a part of Germany.

"The Coat of Arms indicates allegiance to a Monarchy and not a Republic.

"The German crest is surmounted by a double-headed eagle. The Stockar Coat of Arms has two eagles, but they are not joined as in the German crest.

"Germany did not become a united kingdom until 1850. I presume, therefore, the joining of the two eagles, emblematic of Germany, was adopted in 1850, and therefore long after the creation of the Stockar Coat of Arms.

"The Coat of Arms herewith was secured through the courtesy of Dr. J. A. Schwarzman and Dr. von Ammen, both formerly of Switzerland. Dr. von Ammen is a native of Schaffhausen and I have requested him to secure the history of the Stockar Coat of Arms."

The above letter was written about 1925.

NOTE: 3-1-1956 In January of this year I received two pages of history on the Stockars (Stockar, Stocker, Stogker) written in German and which is yet in process of translation. It tells, in part, about three different ones of the family being knighted, receiving Letters of Nobility and Coats of Arms. An Alexander Stokar born about 1501 received a Coat of Arms from Maximilan I of Austria; Hans Stokar made a pilgrimage to Rome and Jerusalem and that he was a Knight of the Holy Grail. Hans also had the distinction of being the oldest writer in Schaffhausen; he became Chief of Merchants and was Ambassador to Bern. The Stokars were a patrician family who became citizens of Schaffhausen maybe between 1002 and 1359. The above crest shows an eagle standing on a tree stump; the crest in the German shows a falcon standing on a log with two cut off branches. As the translation has not been completed we are unable to give our exact connection. At a later date I may be able to get out a booklet with the complete translation, and any additions or corrections we may pick up on the present generations. This would refer to your book MICHAEL STUCKER OF 1759 AND HIS KINSMEN.

Essie Stucker

Many of the following listings are in Jennie E. Stewart's Book II George Stucker, which was filed in the D.A.R. Library, Washington, D. C. in 1942 by the DAR Araphoe Chapter, Boulder, Colorado. In 1952 Miss Stewart suggested that I bring this data down to date as she knew I had been adding a number of generations to that already filed by her.

THE STOCKER FAMILY IN AMERICA

(An abridged edition prepared for the Kentucky and Indiana Stuckers.)

MICHAEL STOCKER b. 1700 in Germany or Switzerland, arrived in America on September 21, 1731 on ship BRITTANIA, Michael Franklin, master, at Philadelphia according to Rupp's Landings. It sailed from Rotterdam where they were formed into a colony. Eight hundred persons, Palatine exiles, were entertained by the Synod of the Reformed Church of Dort, Holland while enroute. Two hundred sixty-seven, over 16, were on the BRITTANIA when it arrived at Philadelphia, Pennsylvania September 21, 1731.

Mr. Roberts, a reliable genealogist in Pennsylvania, says Margaret and Michael Stocker were born in Switzerland near the German line.

Not that these people were all Dutch Reformed but because the Reformed Synod was in sympathy with their effort to found a colony in the New World where they could worship as they desired. He, Michael b. 1700, took the Oath of Allegiance to the Government of William Penn at Philadelphia and went at once to what is now the corner of Berks and Lehigh counties, near the Bucks County line in Pennsylvania. There in 1738 he took out a warrant for 150 acres of land in Hereford Township, Berks County.

The family attended church at Blue Church at Zionsville, and at Dillingersville as new and nearer congregations were established. Michael died between February and November 1749. His widow married Adam Gramlich in October 1750. Eve Stocker, youngest daughter of Michael, was born in November 1749, thus establishing his death approximately. We know not where he died or where he was buried.

ANNA MARGARET STOCKAR-Gramlich b. 1707 in Germany or Switzerland. She came with Michael to this country, probably with two or three small children. Later researchers report there seemed to be a John and Anna Maria, also a Catherine about the same age of Michael, Jr. (b. 1731). We do not know Anna Margaret's maiden name. After Michael's death she married October 1750 Johannes Adam Gramlich (later spelled many ways). He made will 1773 mentioning his children by a former wife and Margaret's children by former husband, and their mutual son, Francis Gramlich, who was to care for his mother while she cared to live with him. We do not know her death date or place, but she was living in 1773 when Adam's will was probated. Margaret communed as Widow Stocker in 1750. She appears in Northampton County after 1773 with Francis Gramlich and Eve Christine Walker, her two younger children, in vicinity of Big Moore Church, and her older sons, George, Adam and Andrew. But she was not living with Francis when he moved to Brush Valley, Centre County in 1775, so she must have died before that time.

Issue

1 MICHAEL STOCKER, JR. b. before 1732 - possibly as early as 1730 in Bavaria, Germany. He married before 1758 Anna Maria Margaret .... He d. near Macungie, Pennsylvania January 1771. Will made January 4 and probated January 27. He appears on tax lists Macungie Township, Lehigh County, 1762.

He appears on chruch records Dillingersville (Lutheran) 1756; on Zionsville Lutheran Church 1758, and was active in its organization. At Zionsville Reformed church in 1757. His wife, Anna Maria Margaret, sometimes appears as Anna Maria and sometimes Anna Margaret. Since her mother-in-law was also Anna Margaret she seems to have used her full name at times. After Michael's death Margaret and daughters disappear from the church records near the old home and appear by 1778 at Reading Trinity and at Swartzwald (near Reading) where John, Michael's brother and family lived. The daughters appear later on record at Robeson Church. Children named in will were under 15 years of age.

Issue

11 George Stocker b. 8-21-1761; m. Catherine Walter. The descendants of this man are covered by Book I.

12 Mary (Anna Maria?) Stocker b. before 1761; m. James POTTS 4-9-1776 or 1778, at Marlattan Church, Douglassville near Reading. Home Pottsville or Pottsgrove. (Not quite certain she was Michael's daughter but of right age and right neighborhood.)

13 Elizabeth Stocker b. 8-12 or 8-13-1763; d. 8-17-or 8-18-1826, at Robesonia: m. before 1793 George HAAS.

14 Catherine (Anna Catherine) Stocker baptised 12-16-1764 Dillingersville; m. 2-10-1789 Stewell THOMPSON, Robesonia Township.

15 Susanna (Anna Marie Susanna) Stocker baptised 2-19-1767; m. 6-23-1795 Cornelius THEISON (Tyson), Robesonia Township. She sponsored baptism of one of Elizabeth's children and of Jacob Ems. 1794. (Swartzwald Church), John Neukirk was co-sponsor.

Margaret, the mother, sponsored the baptism of Magdelena Becker 12-12-1776 at Trinity Lutheran church, Reading which places the family near Reading, Pa. in 1776.

2 GEORGE STOCKER/STUCKER b. about 1735 in Berks County, Pennsylvania, son of Michael and Anna Margaret Stocker, the immigrants. He married Margaret - maiden name unknown - about 1758 or before. He d. 1782 at or near Bryant's Station, Kentucky - was killed by an Indian the same year as his brother Jacob was killed. This family is covered by Jennie E. Stewart's Book II. George's family was in the station during the famous siege of August 14 and 15, 1782, Cabin 15. Margaret, his wife, received a grant of land near Georgetown, consisting of 400 acres on Glenn Creek, (a copy of this grant is on page 26) in Woodford County, Kentucky. She divided this land and sold it to her sons and daughters in 1793 and 1798. She married the second time sometime after 1783 John Miles. In 1789 she bought from John Miles (she had sons Michael, John, Jacob and Henry) a parcel of land from John Miles of Virginia near her own land, for she had married again sometime after 1785 Nathan Breeden, name also spelled Burden. Margaret was living in 1804 when she mortgaged a horse and bedding to her son Jacob for $60. She reserved the right to live on her own homestead when she sold her holdings to Henry in 1796, and Henry in turn sold this tract to Jacob with the provisions that Margaret was to live there to the end of her life.

Margaret, George and all their children, excepting perhaps their daughters, were in the siege of Bryant's Station, and therefore have Revolutionary service to their credit as the women and children carried water to put out the fires during the warfare.

MILITARY RECORDS: "George Stucker was a lieutenant in Northampton County Militia 1775, the first company with Captain Jacob Arndt, made up in Forks Township. He also is mentioned in Penn Archives as in defense of the border in Cumberland Mountains. Then he appears in Virginia (later Kentucky) Militia in defense of the border, 8th REPORT VIRGINIA STATE LIBRARY, Page 422, I.P.D. 36." (Send to Richmond, Virginia for this photostat in order to complete D.A.R., S.A.R. or C.A.R. papers.) This I.P.D. 36 also includes Michael's (1759) military record in Virginia.

Issue

21 Michael Stucker b. 12-23-1759 in Berks County, Pennsylvania; m. 3-1-1785 Nancy Vaughn in Kentucky. (George lived in Northampton Co., Pa. until after 1775 - probably around 1780 - hence Michael was in Kentucky when he married.) See Part 1, page 31 for more details.

23 Jacob Stucker b. 3-12-1768 in Berks or Northampton Co., Pa.:
m. (1) 1789 Sarah Mixel (Mitchell).
m. (2) 3-24-1791 Sarah Gudshall (or Gotschall). See Part 2, page 95.

24 Rosanna Stucker - no birth date given - probably oldest daughter. She m. Michael STONER. Stoner was one of Daniel Boone's men, history reports, "That Stoner was an older and experienced man when he joined Daniel Boone's men in the 1780's." We therefore assume Rosanna was b. in the early 1760's. (DAR magazine April 1954, page 449, shows a picture of Duncan Tavern at Paris, Ky. erected 1788, where Daniel Boone, Michael Stoner and others stopped on their westward push after clearing "The Wilderness of Indian" in eastern Kentucky.)

25 John Stucker b. 1762 (This date put in by National DAR office when my papers were put through in 1949.) m. 5-29-1792 Rebecca Castle. See Part 3, Page 113.

26 Katty (sometimes written Kitty) Stucker - no birth date given; thought to be the second daughter and perhaps older than Jacob or Henry. m. George GRAVES. She signs a number of property transfers of Margaret Miles along with Jacob and Michael Stucker. We have no further record of her family.

27 Mary or Betty (Polly or Betsy) Stucker - no birth date given. She married a Mr. YOUNG. However, in property transfers she is referred to as Mary Young when a 60-acre transfer is made to her from Margaret Miles, situated between Kentucky River to Gleen Creek, beginning corner of Rosanna Stoner, June 13. 1793. We have no further record of her family.

28 Henry Stucker, once thought to be the youngest of the family, probably born before 1766 as Jacob was b. 1768. He seems to have married twice; first to Jane Gottschall around 1788; then in 1796 to Lydia Childers.

Order of births not known except Michael and Jacob for a certainty.

3 ADAM STOCKER b. 2-15-1736 Hereford Township, Berks County, Pennsylvania near the Lehigh County line, southeast of Zionsville; he d. in Forks Township, Northampton County, Pennsylvania 6-27-1814.
m. October 1757 Maria Magdalena Beisel by the Rev. George Michael Weiss (See Minke's "Old Goshenhoppen Charge"), daughter of Peter and Susanna Beisel, b. in the Great Swamp, Milford Township, Bucks County 3-5-1741, now Lower Milford Township, Lehigh County; she d. 7-23-1803 in Forks Township.
Adam Stocker's name first appears on the records of the new Goshenhoppen church located a short mile west of East Greenville, Montgomery County, Pennsylvania, from which the above marriage record is taken. This is followed by the baptism of the oldest child, Eva Margaretha, in the year 1758. Adam and

Magdalena Stocker, parents, Peter and Susanna Beisel, the grandparents, sponsors.

Adam, with other members of the family, about 1771 moved to the Forks of the Delaware where he became the owner of many hundreds of acres of land in Bethlehem and Forks townships - one grant of 345 acres was made to his brother Andreas and himself; Andreas afterward renouncing his half interest in favor of Adam. This is the Bethlehem Township tract.

MILITARY RECORD - He served in the War of the Revolution as a Captain in the Continental Line (see Penn Archives, Series 5, Vol. 4, page 330.)

He and Magdalena were buried in Stocker's burial grounds at the Forks Church, Stockertown, the body of their daughter, Elizabeth Messinger, between those of her parents. This family is covered by Jennie E. Stewart's Book III.

Previous to his death, he seems to have disposed of most of his real estate - about 1796. He made no will and there was no administration of his estate by which to determine his issue. Tombstone records says: "They were the parents of seven sons and two daughters."

4 JACOB STOCKER/STUCKER b. 1738 Berks County, Pennsylvania. He communed with Andrew and Adam, brothers, at Dillingersville Church 3-28-1761. (Andrew was b. Ascension Day - May 1746 - Communion was not until after their 15th birthday.) m. 1760 Eve .... - maiden name not known. Their son Andrew was baptised 5-11-1764. Jacob did not accompany his mother and brothers to Northampton County in 1771. He appears in Berks County until 1764, then appears in North Carolina where his son Phillip was born 1773. In 1779-1780 he appears in Kentucky where with Daniel Boone, he is recorded in Border warfare. This family is covered by Jennie E. Stewart's Book IV and Anna M. Aldridge's NOTES ON JACOB STUCKER OF EXTER TOWNSHIP. (See notes of Jacob Stucker by Anna M. Aldridge in DAR library, Washington, D. C.)

Just before 8-15-1782 we find his wife and sons, James A., David, Jacob, Phillip and daughter Polly at Bryant's Station. They were in Cabin 16 during the siege. She is mentioned as Widow Stucker, her husband having been killed by the Indians there. (See Notes on Jacob Stucker.)

Phillip stated that his father was killed by Indians while on a scouting expedition. Jacob's brother-in-law, John Castle, was with him at the time, also the son of Jacob who became a famous ranger known as "Indian Jake". Eve, the widow, got a grant of 400 acres of land on the dividing ridge between the Kentucky River and Glenn Creek in Woodford County, Kentucky (then Virginia). This land she divided among her three living children in 1793.

They were Jacob, Jr., Phillip and Polly. David was killed at Harmer's defeat in 1790. Notes on Jacob Stucker quotes he was killed about the time of the siege of Bryant's Station - August 1782. Also in these same notes on Jacob, it says Eve Stucker died December 1795 and was buried in Woodford Co., Kentucky. David was a ranger with Jacob, Jr. at Georgetown in 1787. James Andrew came with his mother to Bryant's Station in 1782. He was a soldier according to Shane's Papers and was killed at Harmer's defeat in 1790. No record of his marrying.

Issue

David Stucker b. 1761; d. 1790 at Harmer's defeat; m. Peggy.............
David was born as early as 1761 as in 1782 he was a property owner and on the tax list in Virginia.

James Andrew Stucker b. about 1763; baptised 5-11-1764 in Berks Co., Pa.; died at Harmer's defeat in 1790

41 Jacob Stucker, Jr. b. 8-11-1764 in Berks Co., Pa.; m. Elizabeth (Betsy) Roger in Kentucky

42 Phillip Stucker b. 3-14-1773 in North Carolina; m. 1795 Mary McCrosky; she was b. 1773 and d. 1867.

43 Polly Stucker b. 1770; m. 12-19-1790 Daniel WHITE

NOTE: There is a much more interesting account of these two Jacobs in Anna M. Aldridge's book entitled, "JACOB STUCKER OF EXTER TOWNSHIP, BERKS COUNTY, PENNSYLVANIA." In Chapter II I refer to some of the No. 4 line as I have had personal contact with a number of them or in correspondence.

5 ANDREW (ANDREAS) STOCKER b. Ascension day 1746 according to his own handwriting, Berks County, Pennsylvania, and according to his tombstone. m. about 1772 Julianna Maria Watnert or Watuert. His own handwriting makes it Julia Anna. The surname was hard to make out as it is written partly in English and partly German script. Church records give her name always Juliana Maria (Mary). Andrew and his brothers communed at Blue Church in 1761. Since children did not usually commune until their 15th year, Andrew would be at least born as early as 1746. His tombstone makes him 80 at the time of death (1823). They found since that he was 82 when he died. Jacob and Adam were of course older. This family is covered by Book V.

Andrews writes "Perks" County which seems to be German and is probably the corner of what is now Lehigh near the Bucks and Berks county lines where Michael, the father, took land in 1738.

About 1771 Andreas and his brothers, Adam and Henry, moved in a northeasternly direction into the present Northampton County, Pennsylvania. Andrew and Adam took up 345 acres of land in Bethlehem Township. Later he quit-claimed this to Adam and he took up several parcels of land in Forks Township and became a wealthy landowner there.

The town of Stockertown was laid out on his land, and he gave land for a church and cemetery on his farm which later became the celebrated Forks Cemetery. He had a large barn - quite large for the time. It was in this barn the first church services were held before the church was built. Rosina Stocker-Ginther remembered playing in this barn in her childhood where a large whale skelton was housed. Andrew built a mill on his farm run by water

piped down from the hills. The mill and flume were still in use in 1923. His death occurred in 1823; his wife d. same year. Both were buried in the Forks Cemetery (Forks on the Delaware) at Stockertown, Pennsylvania.

MILITARY RECORD - Andreas and his four living brothers served in the Revolution. Andreas in First Company, 2nd Batt., Northampton County Militia 1781. (Penn Archives, Series 5, Vol. 8, page 143, also page 201 same book.) Many D.A.R.s have qualified under his service.

6 HENRY STOCKER was a single freeman in 1772 when he was on the tax lists. He communed at Dillingersville with Andrew and Jacob in 1761, thus we know he was born before 1746. He was probably next older than Andreas. He was in the Revolution in Northampton County records. Last military record we have of him he and George were carrying supplies in the Wyoming Valley in 1775. It has been reported he died at the Battle of Long Island but this has not been proven. Although there was no record of Henry marrying when Miss Stewart filed her books in 1942 with D.A.R., however later researchers show a Henry Stocker marrying a Dorothy Shatts who was born 1750. He, Henry Stocker, may have been born as early as 1735 or 1742, or may have been between Jacob and Andreas. There is much controversey as to his birth date or where he was active. Some historians have confused him with 28 Henry Stucker, a son of George Stucker. No issue reported.

7 NANCY CATHERINE STOCKER b. before 1743; was single in 1761. No definite date of birth. (She may have been wife of John Castle of Kentucky but not proven.) She was sponsor for baptisms in 1758 and 1762 - single then.

8 EVE CHRISTINE STOCKER b. 11-15-1749, Berks County, Pennsylvania, Moore Township; d. and was buried at Moore Church burying grounds. m. John WALKER, son of John Walker, Allen Township, same county. He has no tombstone and proceeded Eve in death. He was a farmer. His father, John Walker, made will June 4, 1777, names sons William, John and daughter Jane, wife of John Hayes, and Ann and Mary Walker. Tombstone says Eve was a mother of four sons and eight daughters. This family is covered by Jennie E. Stewart's Book VIII.

A daughter, age and name unknown, probably born before 1770.
Walker sometimes spelled "Wacker, Walcher and Waker".

9 FRANCIS GRAMLICH b. 1751 Berks County, Pennsylvania, only son of Margaret (Stocker) and John Adam Gramlich. Both had been married before and had six or more children apiece, Margaret being the widow of Michael Stocker. Francis' tombstone gives his birth at 1758 but this must be wrong as the marriage took place in 1750. Margaret was then 43 years old as she was born 1707. Francis m. about 1775 or 1776 Margaret Spangler who was b. 1758. She was a daughter of George Christian (Christopher) Spangler who came to America from Holland in 1749. Both Francis and his father-in-law were members of Col. Ritter's Company, Northampton County Militia, privates in Third Batt., Nicholas Kern Col. (See State Library, Harrisburg, Pennsylvania, Archives 5th series, Vol. 8, page 259.) Francis inherited from his father all that he had in 1763. He owned nearly 200 acres of land in Northampton County in 1790. In 1795 he moved to Brush Valley, Centre County, Pennsylvania "with a saddle full of hard money". He bought land - at one time owning seven farms of fine land averaging from 100 to 150 acres each. He built a fine brick house and stone barn which were still standing in 1940. He, with his wife and others of his family are buried in the Lutheran Cemetery at Rebersberg, Pennsylvania. He also operated a saw mill and was a leading citizen in the community. This family is covered by Jennie E. Stewart's Book IX.

(10) JOHN STOCKER b. before 1731 - probably in Baravia; d. before 1793; m. before 1758 Rosanna ......He settled in Exter Township, Berks Co., Pa. in 1752. He must have been of legal age at that time. His daughter Catherine b. 1758 establishes marriage before that date. He was taxed in Windsor Township 1790 Fifty Pounds but not living in 1793. His wife and children appear on Trinity Lutheran Church records from 1758 to 1796 when they appear as from Maiden Creek.

John's number (10) does not designate his place in the family, simply that he was the tenth of the family to be charted.

Issue

(10)1 Catherine Stocker b. Feb. 1758; baptised 4-9-1758, Catherine Stocker (single) sponsor. (This sponsor no doubt is John's sister, Nancy Catherine.)

(10)2 Rosina Stocker b.   ; baptised 2-2-1761 - Catherine Stocker (single)sponsor.

(10)3 Sybilla Barbara Stocker b. 3-19-1863. Stephen Krieder and wife, Barbara, sponsors; m. 8-12-1792 Daniel BEILER, son of Paul

(10)4 Jacob Stucker b.   ; m. 3-17-1793 Catherine Buhler (Bieler?)

NOTE; Jennie E. Stewart advises that John Stocker spelled his name Stucker as well as Stocker. It is possible the decendants of (10)4 Jacob Stocker were known by the name of Stucker. It would appear (1954) that Lewis Allen Stucker of Enid, Oklahoma could be a descendant of this Jacob.

(11) ANNA MARIE STOCKER - evidently b. before parents came to America; m. before 1755 Peter VIES (WHITE); they lived near Moslem Springs, Pennsylvania. It is not known if they had a family.

CHAPTER I

This chapter is devoted to Michael Stucker 1759 and his three brothers' descendants. To make it easier for the reader to find his particular branch, we have divided it into four parts. The first part is for Michael's direct descendants, and the other three parts for his brothers.

First, we show the data from Michael's Bible which he purchased in 1789. We have placed the genealogical number either to the right or left hand side of the name to designate the person listed.

All written record is shown enclosed by quotation marks. To designate the pages of the Bible we use the letters A, B, C, etc.

Down toward the bottom of this title page, after the "End of the New Testament" is the photostat record.

CONCERING COUNTIES WHICH WERE AT FIRST IN VIRGINIA BUT LATER ENCORPORATED IN THE STATE OF KENTUCKY

FAYETTE Co., Ky., formed 1780 by State of Virginia, is one of the three original counties which comprised the whole district embrassing the Northern and Eastern portions of the present state.

WOODFORD CO., Ky., was formed in 1788 - The land of nine counties formed by Virginia prior to the separation of Kentucky and her admission into the Union.

SCOTT CO., Ky., was formed out of part of Woodford County in 1792 and was the second born of the state of Kentucky, but the eleventh in all including the counties formed by Virginia before the admission of Kentucky into the Union. The boundaries were not so well defined in the early days and not so well known.

LAND GRANTS - Margaret Stucker - 400 acres April 30, 1784 Fayette County, Ky. on Glenn's Creek.
Eve Stucker - 400 acres April 30, 1784 Fayette County, Ky. on Glenn's Creek.

Extract from History of Scott County by Perrin, page 177 -

"Robert Johnson and John Suggett were also early settlers. They stopped at Bryant's Station and then came to Woodford County (now Scott) and settled on a claim of Patrick Henry's at Great Crossing in 1790 when a stockade was built."

Extract from History of Scott County by Perrin, Page 18-181 -

"In 1782 Elijah Craig, one of the famous family of that name, emigrated from Virginia after the close of the Revolutionary War, and settled on lands on which Lebanon Town, afterward Georgetown, was located. Page 181: He built and owned the Upper Mill (now DeGaris) and the Lower Mill (now Grant's)."

Affidavit of Joseph Ficklin" of persons at Bryant's Station as well as I can recollect. I will go around the fort beginning at my father's cabin.
"Among these 29 names are those of:
Cabin 15 Widow Stucker (Margaret)
Cabin 16 Widow Stucker - again - husband killed by the Indians, and her sons Jacob and David."

"In the account of Jacob Stucker of Scott County(born 1764) he came from Pennsylvania when about 18 years old (1782) with his mother, two brothers and one sister. Eve Stucker, a widow evidently (as her husband if alive would prevent her getting a pre-emption of 400 acres of land). She got the land April 30, 1784 on account of his services, I believe.

"Eve sold 60 acres to Jacob in 1795 (wife Elizabeth), 60 acres to Phillip in 1796 (wife Mary) and 60 acres 1793 to Polly Stucker (wife of Daniel White). David Stucker was killed at Harmer's defeat in 1790. Here we have Eve (a widow) and three sons and one daughter - Jacob, Phillip, David and Polly.

"Jacob b. 1764; Phillip b. 1773; David b. .....Polly b. about 1770 (she married in 1790."

"Having disposed of Eve and her children, let's take up the other widow, Margaret Stucker, who also was allowed 400 acres of land on Glenn's Creek in 1784. It is conceded her husband died in the pioneer warfare - probably at Bryant's Station." (You must remember that land in that section of Kentucky was infested with wild beasts and savages - hilly and rocky. Among the cliffs of the Kentucky River where Glenn's Creek empties into it - some portions of it is still uncultivated - impossible for cultivation.)

In 1789 Margaret Stucker was Margaret Miles, a widow evidently again, for she and (her Stucker sons) Jacob, John and Henry bought from John Miles, Sr. of Russell County, Virginia 400 acres for five hundred pounds in which she held one-fourth interest, probably making 500 acres in all for her. (It may be this land of John Miles, Sr. was surveyed for him before it was pre-empted for Margaret - and to be close to the others, she may have had to buy it outright - when she only had 400 acres in all). However, in the transfer I, Mrs. Mary F. S. Rhodes, Lexington, Kentucky, sent you, and all relating to Margaret and Eve Stucker, she only deeded 60 acres to (her son) Jacob in 1793; 60 acres to John in 1793; 60 acres to Michael in 1793, and 60 acres to Henry in 1796 (March 4, 1796) in which she retained a life interest in the last to Henry. Later in September 20, 1796 Henry and Lydia Stucker sold to Jacob Stucker (his brother) 80 acres, and on part ....; Margaret Miles to Mary Young 60 acres between the Kentucky River and Glenn's Creek, beginning corner Rosanna Stoner to Henry Stucker June 13, 1795; Margaret Miles to Rosanna Stoner between Kentucky River to Glenn's Creek, it being a part of Margaret Stucker's pre-emption of 400 acres - corner to Mary Young - corner to Eve Stucker's pre-emption.......June 30, 1793 Margaret Miles to Betty Graves (sometimes written "Kitty") land on Glenn's Creek part of Margaret Stucker's pre-emption of 400 acres, corner to Jacob Stucker to Michael Stucker's line. Deed delivered to George Graves April 2, 1789.

INDENTURE, between John Miles of Russell County, State of Virginia, first part and Margaret Miles, Jacob, John and Henry Stucker of Fayette County, Kentucky Five hundred pounds for 400 acres adjacent to Rosanna Mitchell (No water-course mentioned.).

Margaret Miles, her heirs and to Henry Stucker March 4, 1796 60 acres near the Kentucky River - above mouth of Glenn's Creek on which Margaret Miles now resides - corner John Stucker to Henry Stucker - corner Valentine Stoner, retaining full possession of the above 60 acres as long as she lives.

The foregoing pages 24 to 30 inclusive represent special papers which were prepared for the Kentucky Stuckers under direction of Jennie E. Stewart. Some are applicable to be used on D.A. R. papers. On part of page 29 the manuscript had become unreadable, hence several clauses were not completed.

On page 31 the genealogical listing of 21 Michael Stucker and his descendants starts.

In Census of 1810 - Michael Stucker had eleven in family
Jacob Stucker had twelve in family

23 Jacob Stucker was a captain in War of 1812 in Johnson's Regiment, Kentucky Mounted Volunteer Infantry, 9th Company.

Both Michael and Jacob Stucker had pensions in Woodford County, Kentucky for Revolutionary services.

CHAPTER I

Part 1

21 MICHAEL STUCKER b. 12-23-1759 in Berks County, Pennsylvania; d.3-25-1830 in Jefferson County, Indiana. He made a will September 5, 1829, recorded in Bk C - 276 at Madison, Indiana - see pamphlets of Jefferson County, Indiana early wills 1811 to 1852.
m. 3-1-1785 Nancy Vaughn who was b. 6-30-1761; she d. 10-19-1838; both were buried in the old Stucker graveyard about 8 miles southwest of Madison, Ind.

Michael had Revolutionary Service at Bryant's Station in Kentucky, also in Northampton Co., Pennsylvania in Captain Jacob Arndt's Company along with his father. Michael's military record in Virginia is the same as his father's - I.P.D. 36, and can be obtained from the Virginia State Library, Richmond, Va. Michael was listed among the best soldiers at the time of the siege at Bryant's Station in August 1782.

Michael was on the tax lists Fayette Co., Kentucky 1788 before there was a Woodford Co. He received land from his mother in 1793 (see property transfers) Woodford County a part of her pre-emption. He was in Woodford County, Kentucky census in 1810 with eleven in family. He was in Jefferson County, Indiana Territory by 1815 as he sold land on January 20, 1816 showing his residence as being in Jefferson County.

His family Bible lists his children and grandchildren's births, deaths and some marriages. There are some of his brother Jacob's family also recorded in his Bible. (This Bible is now in possession of Mrs. Will S. Stucker, Fisher, Illinois as it descended to her husband through channel noted on page 1 of photostat record.) The names of Michael's children as taken from his Bible follow:

Issue

212 John Stucker b. 12-9-1788; m (1) 8-6-1810 Sarah Mitchel; m. (2) 1814 Lucinda Mitchel.

213 Jacob Stucker b. 9-7-1789; m. Elizabeth Righthouse 12-21-1817. (This marriage is not recorded in Michael's Bible.)

214 Michael Stucker b. 9-7-1791; m. Zerelda Brooks

218 Martin Stucker b. 12-14-1801; m. (1) Eliza Mobley; (2) Hannah Chrisman.

219 Jeptha Stucker b. 6-22-1805 in Kentucky; m. 2-10-1829 Elizabeth Bowman, daughter of a Major Bowman, in Jefferson Co., Ind. Major Bowman's name has been reported as Herman - see notes.

NOTES: Book II George Stucker did not contain the 218 family as the Indiana relatives had lost track of him - evidently when he moved to Missouri before 1843.

When I first saw this list of Michael's children it was in a Bible belonging originally to Jacob Stucker, father of Ruth Stucker-Muldoon-Boll, Edinburg, Ind. in 1949, and it was the first I knew of my greatgrand father's sisters and brothers. I copied the list at that time, and have been continually tracing the various branches of the family right down to early 1956.

It has been reported that Elizabeth Bowman's father was a Major Herman Bowman in the Revolution at the time when George and Michael were enlisted in Virginia in 1780. There may be an erronous report on this name of Herman as I have been advised by several authorities this name does not show on Revolutionary records in Virginia or Kentucky. E.S.

Jeptha was appointed Justice of the Peace for two 4-year terms. The following is a copy of his first appointment:

TO ALL WHO SHALL SEE THESE PRESENTS, GREETINGS: Whereas, it has been certified to me by proper authority of the State aforesaid, I do hereby commission the said Jeptha Stucker, Esqr., JUSTICE OF THE PEACE for the term of four years from the 19th day of April 1862 and until his successor is elected and qualified. As you can see, Jeptha took a very lively interest in public affairs. He was a schoolmaster, also country squire.

OTE: Re 214-Michael Stucker b. Sept. 7, 1791 as recorded on the Family Bible age of Michael Stucker 1759: In 1955 when looking at the will of Michael Stucker ho died March 25, 1830, there was a "William" named instead of Michael, but we eel quite positive this could have been from the fact they later called Michael William" or that there was an error in recording the will. We notice that Michel, the father, calls himself "Sr." We want to make it clear why we continue he listing as at first sent in by one of Jeptha's granddaughters, as no doubt eptha was aware that it was his brother Michael who was born Sept. 7, 1791 and ot some other person who was mentioned in Michael's will.

21912 Uzziel Jeptha Stucker b. 1-22-1854 near Columbus, Indiana.

NOTE: His stepmother did not like the name of Uzziel as it was shortened into many different renderings; therefore, she called him EDMUND at the age of 4 when she married his father.

Mrs. Nancy C. Bryant, an aunt, reported that the stepmother brought the little boys to their grandparent's home for visits while their father was in the Army. Kate remembered that the second Mrs. Stucker wet their hair with soapsuds to make it curl. It has alwa been reported that Edmund had beautifu long curls when a child of 4; still had curly hair when he died at 80. Soon after Joseph Franklin died the stepmother took the boys and went to Andrew County, Missouri, going up the Missouri River on a steamboat to St. Joseph where she was met by friends who told her about the opportunities in that vicinity in 1865.

Aunt Dite was Joseph Franklin's first wife. Daisy Bryant-Pursell had many family incidents which she recited to me in 1951 and afterwards in letters which showed her wonderful memory. JACOB STUCKER

SON OF GEOGE STUCKER

Born December 19, 1768

NORTHAMPTON COUNTY, PENNSYLVANIA

Died 1844

JEFFERSON COUNTY, INDIANA

3rd Generation
Part 2

23 JACOB STUCKER b.12-19-1768 in Northampton Co., Pa. He died in Jefferson Co., Ind. 1844, age 76 years.
m. (1) 1789 Sarah Mixel (Mitchell) in Kentucky. She d. early in 1791, probably at William's birth.
m. (2) 3-24-1791 Sarah Gudshall, daughter of Andrew and Sarah Gudshall (Gans) (also spelled Gottschalk.) They were married by the Rev. Shannon.
Jacob was in the Siege of Bryant's Station August 14-15, 1782, and being a lad of 14, no doubt helped in the fighting. Certainly he helped in carrying water for the fort. He had Revolutionary pension in Woodford Co., Ky. He and his brother John also had certificates for fighting in Defense of the Border in 1789. He was in Woodford Co. in 1810 where he was listed with 12 in family. Soon after he moved over into Jefferson Co., Terr. of Indiana where he died. In War of 1812 Johnson's Reg. Ky. Mtd. Vol. Inf., Co. 9. Jacob and brothers, Henry and John and mother, Margaret Miles, bought land from John Miles in 1787 in Woodford Co. About 1796 he bought out part or all of Henry's share. Jacob entered and owned the land in Indiana where Hanover College now stands.
Jacob's family Bible lists the children of Sarah Gudshall but not William who it is claimed by the family was the son of Sarah Mixel. Two members of the family, far removed from each other, are responsible for the legend that William was a child of first marriage, and Margaret first child of second marriage. (The above marriage date taken from Woodford County court records re Sarah Gudshall and from the family Bible.)

by Rev. Jesse Vawter; she d. 1-4-1862; he d. 4-29-1853.

NOTES by J.E.S. Since Reason was not born in 1810, the above list gives Jacob and wife with the nine children mentioned in 1810 census if it was taken after Oct. 30; if taken in the spring, then there must have been another child not listed above. The above record furnished by Mrs. Mabel Shaw and her father Andrew J. (There might have been another child in 1810 as it would seem that Jacob b. 1800 d. about 1810, but exact date of his death not given.)
NOTES by E.S. Under Miss Stewart's instructions I have written in the record of 23, that Jacob m. Sarah Mixel which data was not in original manuscript. There always seems to be some doubt on this William Stucker. His birth is not mentioned in Michael's Bible, but all of Michael's and Nancy's children are specifically designated as their children; however, William's marriage, the birth of some of his children, and his death are recorded in Michael's Bible.

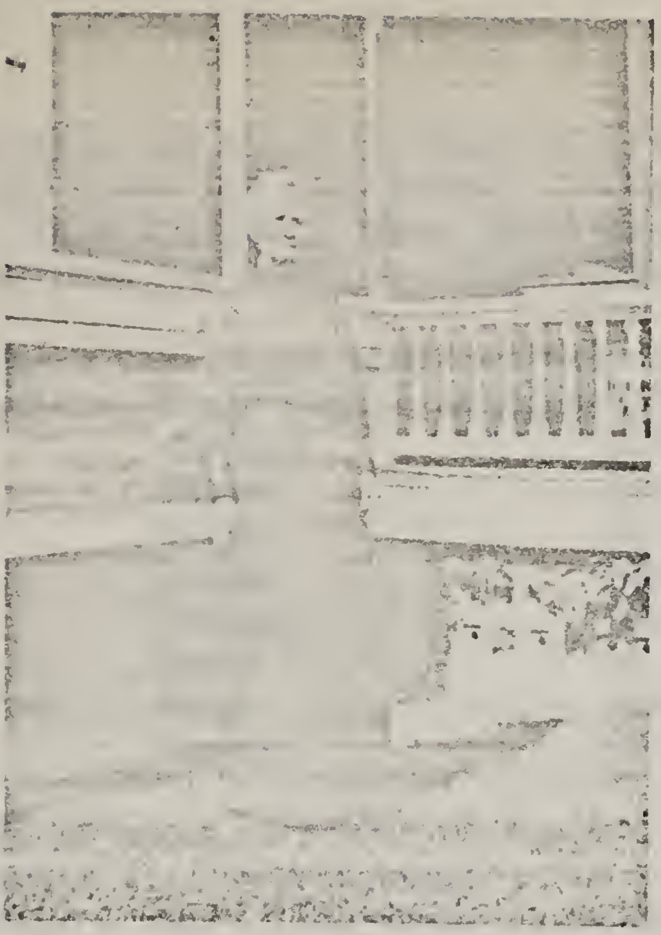
NOTE: The reason for listing the above family the second time is because I desired to show the information as given in the #2 George Stucker Book and the way it was given to me with spelling of names, cities, etc.

You will notice that the following sketch by Sarah deHaven-Stucker was dictated by her in April 1927 to her daughter; her daughter dying in September that year; however, Sarah Stucker lived until 1933.

SARAH DE HAVEN STUCKER

As I have considered the biographical sketch by Sarah Stucker to be outstanding, I am giving it in her own words, but first a picture of her as shown on the following page.

5th Generation



Part 2

I wish to present a picture of Sarah de Haven Stucker taken in 1915 by snapshot. She was then 76 years of age. Notice her erect posture. Sarah's daughter, Mrs. Mabel Stucker-Shaw, gives a short sketch of her mother which is printed as received; then followed by the sketch dictated by Sarah in 1927 to her daughter who wrote it in longhand. Sarah was 88 when she dictated the sketch of Crossing the Plains and the trek to Silver City. She died October 19, 1933 at Boise, Idaho.

Mabel Shaw says: "Sarah de Haven-Stucker, affectionately known as Grandma Stucker, widow of the late Andrew Jackson Stucker, is a resident of Boise, Idaho in her 88th year. Her's has been a life of adventure and pioneering from her very babyhood.

"Her maiden name was de Haven, and it is a well established fact that her paternal ancestors belonged to a noted French family of influence and sailed to America with General Lafayette. Here they risked their lives and fortunes, fighting under General Washington and adopting America as their future home.

"The subject of this sketch was born in Park County, Indiana April 6, 1839, her father being William de Haven. When she was two weeks old her parents moved to Pineville, McDonald County, Missouri in which place her father engaged in the mercantile business, and various other occupations for about twenty years.

"At the expiration of this time the country was becoming too thickly settled for William de Haven, so he closed up his affairs in Pineville and in company with other adventurous spirits, began the long trek to California. The wagon train consisted of one hundred prairie schooners drawn by ox team, it having been learned from previous experience that ox teams were much better fitted than horses or mules to make the long trip across the plains. William de Haven was elected captain of the train.

"At this time Grandma Stucker was twenty years of age and rumor has it that she was the belle of the train, dashing, handsome and fearless, and always the life of the party. The train arrived at Red Bluff, California, just six months to the day from the starting time. Although sixty-eight years has passed since this memorable occasion, Grandma Stucker remembers every incident of the trip as well as many of her other experiences down to the present."

Next comes the sketch dictated by Sarah of her father's removal from Indiana to Missouri and from Missouri to Red Bluff, California, although it contains data not directly connected with the Stuckers.

"William de Haven was the son of Rebecca Johnston de Haven b. 1765; d. 1804, and Edward de Haven who was b. in Montgomery Co., Pennsylvania in 1757 and later moved to Breckenridge County, Kentucky. William de Haven was born in Breckenridge County January 25, 1801. After the death of his father and mother, William lived with his sister Mary Hamilton, wife of Andrew Hamilton. When

5th Generation

Part 2

William was about 14 years of age the Hamiltons moved to Park Co., Indiana where they lived for many years. It was there that William met and married Mary Smith on July 22, 1824. Mary Smith was of Scotch descent from New York state. She was born Feb, 1808 and died in Red Bluff, California September 6, 1863.

"There were eight children born of this union, the seven oldest in Park Co., Indiana, the youngest at Pineville, McDonald Co., Missouri:

America	m. GROGAN, Honey Grove, Texas
Jehiet	lived, married and died at Red Bluff, Calif.
Eliza	m. COX, Springfield, Missouri
Isaac	died in childhood
George	lived, married, died at Red Bluff, Calif.
Sarah	m. STUCKER - lived Boise, Idaho
Mary	died in childhood
Joseph	lived Los Angeles, Calif. - no children

"On or about the 20th of April 1839 William de Haven left Park County with his family via covered wagon an ox team for Bentonville, Benton Co., Arkansas. After a short time there he moved to Pineville, Missouri, about 15 miles across the Arkansas line, where he resided for about 20 years, following many different vocations. He was in the general mercantile business mostly, but also followed his trade of house joining, cabinet maker and millwright. On May 1st, 1859 he left Pineville via covered wagon and ox team with a party bound for 'Pike's Peak or bust'.

"The trail took them across the Cherokee nation, fording the Verdigris River in the southwest corner of Missouri then onto the plains, crossing the North Platte and taking two days to accomplish the river crossing. The wagons were taken apart and floated across on rafts made of trees lashed together. The oxen and other stock had to swim. This same procedure was necessary at the South Platte and Boulder Creek crossings, where the streams were raging torrents. The train camped several days at Black Hills, South Dakota where the men folks prospected for gold. Not being successful in their search, and as the Indians were on the war path they deemed it much safer to move on. They dropped back south and reached what is now the city of Denver. They camped on Cherry Creek and again spent some time prospecting with little or no success. After meeting hundreds of discouraged gold seekers turning back from Pike's Peak, the party decided to move on to California. We were not molested by the Indians but our trail was crossed by large bands of Commanches. The buffalo were monarchs of all they surveyed, and many bands from hundreds to thousands crossed our path. Many exciting things happened when stock would stampede but there were no casualties or attacks from Indians.

"Our train joined and was joined by many other trains. A large one called the Arkansas Train joined us just before we reached Salt Lake City. The de Haven train, as it was now called, camped two days at what is now known as Fort Douglas, Salt Lake City, Utah. The trail into Salt Lake led through Echo Canyon on through the infant city across the river Jordan and westward.

"Salt Lake City was beautifully laid out even in this early day. The streets were wide and trees, though mere saplings, bordered every block and avenue. The temple had just been started and some of the younger members of the train, including myself, went into the city sight-seeing, and walked around on the found-

ation. We saw many relics and much evidence of wagon trains which had been plundered and the members massacred. The Mormons claimed to have traded flour to the Indians for all these spoils. In Echo Canyon the wagons and dried carcasses of mules were strewn for miles where a Government train had been hemmed in by the Mormons and Indians and the members starved into surrender. Brigham Young was not to be seen at this time as his life had been threatened and he was in hiding.

"The one interesting event at Salt Lake was the stampeding of the stock towards morning which, however, did not result disastrously. The wagons were all drawn up in circle formation as there was a large train by this time. There were many well armed men. The night was very dark and thunder storms had been raging. The stock was restless and the guards were having a hard time holding them. Suddenly the alarm was given that there were Mormons prowling around the wagons. At least three of them were captured. One was soon identified as having been in our camp earlier in the day. He had asked my mother how much she would take for those two pretty girls, pointing to my friend, Miss Sarah Poe, and me. Upon my mother's indignant reply that it would take the heads of a great many Mormons, he replied gruffley that she would take a lot less before we got away from there.

"The train from here trekked uneventfully on over the hot desert wastes and sands of Utah and Nevada. We followed the Big Humboldt River up to the foot of the Sierra Nevada Mountains, thence through the Honey Lake Valley, a very beautiful stretch of land, down through the Feather River Canyon to the Sacramento River. We then proceeded north and settled on Pains Creek in the vicinity of what is now Red Bluff. We arrived late in the fall of 1859. My father took up a ranch and engaged in the raising of thorobred Kentucky horses.

"The Indians were very hostile, and marauding bands were ever killing and stealing stock, after murdering the stockmen and ranchers. Many fights were engaged in between the whites and Indians in which my father, as well as his neighbors, were forced to protect their homes and property. Later on my father and brothers became interested in sheep raising and continued in this line of business until my father's death at the age of 72. He died at Winnemucca, Nevada on January 27, 1873 at which place he is buried. He was taken suddenly ill there while with his sheep after crossing them from California."

NOTES

"Denver was a city in name only, as when we arrived there was only one cabin built of clapboards and labeled 'This is the house that Jack built'.
"We celebrated the 4th of July on the summit of the Rocky Mountains amid a snow storm and pest of mosquitos.
"The Mormon who was identified as threatening mother earlier in the day, was caught climbing into what he supposed to be our wagon. Fortunately it was father's instead. My brother and some of the other young bloods were for hanging the three of them the next morning, but the cooler ones decided to take them in to Brigham Young for reckoning. Early in the morning a horseman came looking for them, and on pledges they meant no harm, were only poor unfortunate men lost in the storm, that they would not molest us in any way, the men let them go. Mother, however, asked this one Mormon how many wives he had. He replied, eight. She then asked him how he supported so many wives and children, whereupon he answered, 'I don't, they support me.'

Part 2

"On the Little Humboldt was the only time we narrowly escaped Indians. Only the size of the train saved us. We saw many painted and feathered warriors dodging in and out of the brush.

"In California the Grizzlies preyed on the herds. Many a pioneer was more completely scalped and mutilated by them than by Indians. Wild long horn Texas steers also roamed the hills and valleys at that time, dealing death to man and other beasts.

"Another most interesting and hair-raising event was a stampede on the plains when the oxen yoked to the schooner in which my mother and sisters were riding, became frightened by a locoed cow. Away they ran (the only speed on the trip) with the tin pans and buckets jangling. Mother and sisters were hanging on for dear life into what seemed to them the jaws of sure death. They were headed for a deep break. Fortunately the old Buck, the wheel ox, stumbled and fell under a wheel, stopping the wagon and suddenly bringing to an end what otherwise might have been a tragedy.

"The amusements and songs in the crossing were typical of the times. There was much merriment and fun as we gathered before the campfire for the night. Inside the family gathering, with the wagons drawn up in a tight circle, the songs were JOE BOWERS, SWEET BETSY FROM PIKE, and SUZANNA DON'T YOU CRY."

Now comes Sarah de Haven-Stucker's story concerning her marriage to Andrew Jackson Stucker and the Quest of Gold in Idaho.

"I was married on August 28th, 1861 to Andrew Jackson Stucker. I lived in and around Red Bluff, California for seven years after my father settled in California, then the mad gold rush into Idaho seized my husband. We started another quest for the 'Pot of Gold at the end of the Rainbow Trail' May 1, 1866. We joined a freight train consisting of many big freight wagons with supplies. There were about 40 well armed men in the train, we having a light thorobrace wagon and six horses. I was the only woman in the party. In our wagon was my husband, myself and two small children, a daughter, Belle, five years old, and a son, Will, one year old. A very desolate journey it was. Wilderness was King. We traveled over again a part of our route in going into California, seven years previously.

"Near Winnemucca we left the California trail for a more northernly route through the hot cacti desert country onto sagebrush plains. This stretch was fraught with harrowing escaped from hostile bands of Indians. The outposts or stations established by earlier trail blazers had mostly been plundered and burned by the redskins. We saw many evidences of their fiendish crimes in smouldering ashes of the stations along the route, scalped and mutilated bodies of men. At one place on the trail the Indians crossed our route just before we came along and massacred a party of 100 Chinamen, murdering and scalping all but one. This was on the Owyhee River. At the Owyhee River Station the house and barn was still smouldering. The lone surviving Chinaman afterward cooked for me in Silver City. He used to grow very excited in relating that hair-raising episode. He said, 'Injun come, make lots of noise. He take Chinaman's guns. Chinaman he get on knees tell Injun he be good Chinaman. Injun take Chinaman cue one hand, knife other hand say Whoopee. Killum all Chinaboys. Me hide, no find me.'

"It was about this time that the earliest families were 'forted up' in Silver City in old Granite Block and some of the miners blockaded in one of the mine tunnels. The Indians had one company of soldiers surrounded for three days. They afterwards said they had to eat crickets as their rations had given out.

"We arrived in Silver City July 12, 1866. The first settlement, Ruby City, had just been moved to Silver City. The Idaho Hotel had just been finished and Eastman Brothers were the proprietors. The War Eagle Hotel, of which Mr. Valentine Blackinger was proprietor, and later the Miners Union Hotel, both had most interesting parts in the early days at Silver. The Golden Chariot and Poor Man mines were running full blast and produced many millions. Silver City was a very prosperous mining town for many years. In the early sixties there was plenty of excitement to satisfy the most adventurous. Supplies and labor were high. Families were camping out until lumber could be whipsawed for houses. Wealth and gaiety had full sway and a finer class of people were never assembled together than in the making of the early history of Silver City.

"Mr. Stucker followed his trade of wheelwright and in connection had a blacksmith shop. Many of the quartz wagons and sleighs were made by hand in his shops.

"Two children were born in Silver, one son, Charles, and daughter Mabel. We left Silver City in November 1893, established our residence in Nampa, Idaho where Mr. Stucker continued his trade. We later moved to Boise with our daughter and her family, where Mr. Stucker died April 6, 1912." (Page 100 says 1911 which is believed to be the correct date.)

I believe you will agree with me that the foregoing accounts by Sarah Stucker are well worth the space assigned as it gives the reader a touch with life in the middle 1800's. To such as these pioneers we owe much in building a fine West.

Part 3

25 JOHN STUCKER b. 1762 in Northampton County, Pennsylvania, son of George and Margaret(Stocker) Stucker.
m. 5-29-1792 Rebecca Castle (or Castile) Woodford County, Kentucky (see page 24.) He died 1852 at Hartsville, Bartholomew County, Indiana. He moved from Woodford Co., Kentucky to Jefferson Co., Territory of Indiana about 1802, then later to Bartholomew County where both he and Rebecca were buried on the old Stucker farm. He was in the Revolution, and was a Captain in the War of 1812.

258 Henry Stucker b. 1-8-1800 in Woodford Co., Ky., m. three times

*There was a Margaret Stucker in the above list on the original papers but it was later adjusted to #23's family as she is the one who m. 12-27-1810 Samuel Alexander in Clark Co., Indiana - see page 24.

NOTE: The above date for John's birth as 1762 was put in by D.A.R. National office when I applied for membership in 1949, and no other explanation was made to me. E.S.

NOTE by J.E.S. The above family information was given by Lillie Shaw, daughter of Isaac Stucker, also by Emeline Stucker-Hemphill, daughter of David, and Larkin her brother. Emeline Hemphill thought there was a Michael in this family but was unable to place him. No further data was given on Rebecca Kiser, Sarah Arbuckle, Nancy Fix or Polly Stucker. It was reported that "Fatty" Arbuckle and his brothers Roscoe and Andrew were of this family but I have not proven that claim. J.E.S.

Mrs. Pearl Reasor (214212 in Part 1) said her second greatgrandfather was "Captain John." However, Pearl Reasor's family is 214-Michael Stucker, a son of Michael and Nancy as inscribed in Michael's Bible on page 19 and under "B". No William Stucker was recorded in Michael's Bible as being his son, but the Bible did show William's marriage to Rosannah Mitchell in 1813, as well as the birth of several of William's children. It is an established fact that Michael and his brother Jacob (23) lived close by in Jefferson County. I point out this statement as Emeline Hemphill said she thought there was a Michael in John's family. Since the will of Michael Stucker (who d. 1830) designates his sons: "John, Jacob and William", we are wondering what kind of mixup there has been in the family records of Michael b. 1759 and John b. 1762. If it were not for Michael's Bible reference page 19 "B", we might conclude from the will that some error had been made but the Bible plainly specified "Michael Stucker, son of Michael and Nancy Stucker, was born Sept. 7th, 1791", therefore we leave our records as per Michael's Bible record. We also note that Michael Stucker b. 1759 calls himself "Senior" on page 21 "E".

HENRY STUCKER

SON OF GEORGE STUCKER

Born approximately 1766

NORTHAMPTON COUNTY, PENNSYLVANIA

Died November 20, 1834

Madison, Jefferson County, Indiana

3rd Generation

Part 4

28 HENRY STUCKER b. about 1766 in Northampton County, Pennsylvania. When the II George Stucker book was written it said Henry was supposed to be the youngest son of George and Margaret Stucker. Now (1955) the same genealogist puts his birth at approximately 1766, saying he was older than his brother Jacob whose birth was established as Dec. 19, 1768. The first record we have of George, Henry's father, being in Virginia (now Kentucky) was Nov. 20, 1780 when he, Michael, his son, and another Jacob Stucker (George's brother) were enlisted in Capt. William Hogan's Co. of Militia. Although it has been previously reported that Henry was a small lad during the siege of Bryant's Station in Aug. 1782, the same genealogist now says he was not in the fort at that time but was supposed to be on a mission with other troops.

m. (1) Jane Gottschall (Godshill -also other spellings) probably about 1786 or 1787. Some of the family called her Miss Gudgel. No record has been located of their marriage which no doubt took place in the Court House of Fayette County, and in 1799 this court house burned with all records.

m. (2) 1795 Lydia Childres in Woodford County, Kentucky. Henry made a will dated Aug. 2, 1834 wherein he only mentions Lydia his wife - no mention whatever of any of his children. This will is on file in the Court House at Madison, Indiana with reference, "Pr. Bk. D. 276". Henry d. 11-20-1834 and was buried about 10 miles from Madison in the old Stucker graveyard.

Henry was called "Pigeon Roost Henry" as we understand it his farm was named "Pigeon Roost". There were many pigeons in that vicinity in the early days but they suddenly disappeared in 1870 and no trace since then. There is a monument in Scott Co., Indiana called "Pigeon Roost". This could be approximately the same location as Henry's farm as counties were separated later when Indiana Territory became the state in 1816. Henry left Woodford Co., Kentucky and came to Jefferson Co., Territory of Indiana about 1805.

Issue (Sequence in which the first seven children were listed in Book II.)
281 Eli Stucker b. about 1816. He was married twice according to Book II.
David Stucker b. about 1807 - no data relating to him - evidently d. young.
283 George Stucker b. about 1818; m. Cordelia Brown 1-19-1843 in Jefferson Co.
284 Willis Stucker b. about 1814; m. Mary Wisbey 1838 Jefferson Co., Indiana.
285 Jacob Stucker b. 12-9-1808; m. 1829 Jane Cantwell.
286 Sarah Ann Stucker b. 5-10-1820; m. Wm. PLAKE 10-23-1843 Jefferson Co., Ind.
282 Amy (Ann) Stucker b. about 1812; m. 8-2-1832 Robert WALKER

(Miss Stewart makes note here "That there may have been others as the above information was given by Eli Stucker of Ottawa, Kansas, son of 285-Jacob. Then later she lists the following, and remarks that only Jacob's and Sarah Ann's birth dates were authentic as she estimated the other births according to date they were married.)

Stephen Stucker b. 1809; m. 3-6-1828 Louisa or Eliza Rhodes
John Stucker b. 1796
Margaret Stucker b. 1800; m. George REDENBAUGH 5-25-1820.

From a study of marriage license (pages 24 and 25) issued in Clark and Jefferson counties we find the following:

3rd Generation

Part 4

REVISED DATA

281 Eli Stucker was born 8-17-1818. This birth date established by his granddaughter so you see the guess was off two years.
m. 2-7-1839 Ester Ann Plake in Jefferson Co., Ind. See marriage records. The entry about his marriage in 1845 to Susannah Plake was in error as it has just been determined that the Eli Stucker who married Susannah Plake was a nephew of this Eli. See reference under 284.

282 Amy (Ann) Stucker b. about 1812. We find her license issued in the name of "Ann Stucker to Robert WALKER 8-2-1832, Jas. Glover officating" in Jefferson County, Indiana.

283 George Stucker b. probably 1816 as the guess of 1818 was wrong, that being Eli's birth. m. 1-19-1943 Cordelia (Cordelas) Brown in Jefferson Co., J. Chambers officating.

284 Willis Stucker - evidently child by first marriage; b. approximately 1787. m. 12-29-1808 Greta Storm in Clark County, Territory of Indiana. You will note that on page 134 is listed a Willis Stucker b. about 1814. This no doubt is the son of this Willis. To prove it we went to the Library at Topeka, Kansas and read microfilms of 1820 Census which showed Willis and Greta Stucker as having two males under 10, and two females under 10 in that census. Eli who m. 1845 is no doubt a son of this Willis.

285 Jacob Stucker b. 12-9-1808; m. 8-15-1829 Jane Cantwell. We do not have the county record of marriage, but we do have his son's, Eli, Bible which was photostated and will follow this page.

286 Sarah Ann Stucker b. 5-10-1820; m. 10-23-1843 Wm. PLAKE in Jefferson Co., Indiana, Gam. Taylor officating.

287 Samuel Stucker b. about 1796; m. 5-6-1816 Betsy Redenbaugh with Jno. Thorn officating, Jefferson Co., Indiana

288 Margaret Stucker b. 1800; m. 5-25-1819 George REDENBAUGH with J. Anderson officating, Jefferson Co., Indiana.

289 John Stucker b. about 1798; m. 11-2-1821 Margarite Snodgrass, J. Anderson officating, Jefferson Co., Indiana.

--- Stephen Stucker b. about 1805/9; m. 3-6-1828 Louisa Rhody, S. Gudgel officating, Jefferson Co., Indiana.

--- David Stucker - had no record of birth or marriage; believe his birth between Margaret's and Stephen's; he was believed to have died young.

REMARKS: Please note spelling "Hanah Griffy" on this page; then note spelling later as Hanah Griffith. Also note that we do not give numbers to those marrying into a family. It appears this Bible was in the family of Nancy Jane Stucker-Warner until her father's death; later in hands of Thomas Wilson Stucker - probably meant to be kept in the STUCKER family.
*Above says Joseph Henry Stucker died 1878, but on page 139 it gives it as 1879, which would make him 18 years 3 months and 17 days old.

REMARKS: When the photostat of this Bible was taken in the spring of 1955, there were two more pages but which did not relate to genealogical matter merely to some statements of John Martin Stucker and Gladys Loyd - these two pages are designated as "A" and "B" and were sent to John Martin Stucker for distribution.

It was through the cooperation of John Martin Stucker and Gladys Loyd that the writer was able to obtain the family record in this Bible.

4th Generation

Part 4

281 ELI STUCKER b. 8-17-1818. (This birth date given by Anita E. Shackelford, his granddaughter.) in Jefferson County, Indiana, son of Henry and Lydia (Childers) Stucker.
m. 2-7-1839 Esther Ann Plake in Jefferson Co., Ind., S. B. Pell officating. She was b. 6-15-1822, and d. about 1870 as Mrs. Shackelford says "My grandmother died when her father's youngest sister (Lyda Ann) was 16". They were then living in southwestern Missouri at that time and for some time previous. Records report Eli removed to Trenton, Mo. soon after he left Indiana; he also lived in Van Buren Co., Iowa (southeastern part of the state) in 1857. You will note he was in Lee Co., Iowa in 1847 when Jacob was born. John Martin Stucker reported his Uncle Eli freighted across the plains before and during the Civil War - meaning from Missouri and Kansas to Santa Fe, New Mexico.

Issue
2811 John Stucker b. 11-22-1839 in Jefferson Co., Indiana (No other data
2812 Henry Stucker b. 8-8-1841 in Jefferson Co., Indiana (given on these
2813 David Stucker b. 12-20-1844 in Jefferson Co., Indiana (children.)
2814 Jacob Stucker b. 8-8-1847 in Lee County, Iowa; m.
2815 Eliza Stucker b. 7-6-1850 - no further data.
2816 Lyda Ann Stucker b. 4-8-1854 (She was 16 when her mother died.)
2817 John William Stucker b. 1-8-1853; m. Arthusa McIntyre
2818 George W. Stucker b. 9-24-1859 (See Mrs. Shackelford's remarks below on
2819 Stephen Stucker b. 1861. these two.)

REMARKS: There could be others in this family but it is my belief that Anita E. Stucker-Shackelford gave an authentic record of Eli's family as far as she knew. She writes: "However, I do know that Eli Stucker and Esther Ann were my father's mother and father, and Jacob b. 1847 was my father, and the rest are his brothers except George W. and John. They were grandfather's brothers." It is true that this Eli had brothers, David, John, George and Stephen but their birth dates are much earlier than those Anita give in her letter - see page 135 for list of her grandfather's brothers. Anita says her father always called his Mother "Ann".

284 WILLIS STUCKER b. around 1787 in Kentucky, son of Henry and Jane (Gottschall) Stucker.
m. 12-29-1808 Greta Storm in Clark County, Indiana.
As to the exact list of their children we were unable to obtain a full list, but after reading 1820 census reports, also 1850 census reports, it is reasonable to assume the following four were their children. However the 1820 Census report said Willis and Greta Stucker had two males under 10 and two females under 10. So there are two females which we do not have.

Issue
2841 Willis Stucker, Jr. b. about 1815; m. Mary Wisbey (Wisby) 1838
2842 Eli Stucker b. about 1818 or 1819; m. Susannah Plake 1845
2843 Lydia Ann Stucker b. 1826; m. Allen Mansfile (Manspile) 1843
David Stucker ; m. Nancy - went to Illinois - was there in 1850
Census with three children in family.

Eli said his sister Lydia Ann married a man by the name of Manspile.
To establish the fact that Willis Stucker was born before 1814, the date put in Book II, we are inserting his Muster Roll as Capt. in 1813, as follows:

4th Generation

Part 4

"MUSTER ROLL OF CAPT. WILLIS STUCKER'S COMPANY, 6TH REGIMENT, INDIANA MILITIA January 27th - February 26 1813:

Hence if he was a captain in 1813 no doubt he is the same Willis who married in December 29, 1808.

285 JACOB STUCKER b. 12-9-1808 in Jefferson Co., Ind.; d. 8-15-1855. m. 8-15-1829 Jane Cantwell, daughter of Adam and Sarah Cantwell. Adam Cantwell was a Baptist preacher and was b. 11-14-1786; Sarah was b. 5-13-1788. Jane Cantwell was b. 12-4-1811 and d. 2-27-1870. Jacob and Jane lived in Jefferson Co., Indiana a number of years, however it is thought Jane went to Kansas with her sons in 1855 or 1857. We are not sure if Jacob d. in Indiana or Iowa. Much of this record is taken from Eli's family Bible.

2856 Cordila Stucker b. 6-10-1844. This name was not on list given in 1924, but we are showing it as it may appear on future lists. She was supposed to have died young.

286 SARAH ANN STUCKER b. 5-10-1820 Jefferson County, Indiana m. 10-25-1843 William PLAKE who was b. 5-14-1814 and d. 12-30-1886. They were married at Madison, Indiana with Gam Taylor officating. They resided many years southwest of Ottawa, Kansas, and probably came to Kansas at the time her two brothers, Eli and Willis. Sarah Ann d. 11-22-1904. A number of their children lived around Ottawa, Kansas; however, it is related that one, Annie Plake, m. a Mr. Shanks and they lived near Veedersburg, Indiana.

288 MARGARET STUCKER b. 8-14-1800 in Kentucky
m. 6-25-1819 George REDENBAUGH, J. Anderson officating at Madison, Ind. He was b. 1793 and was in the War of 1812. They settled first in Montgomery Co., Ind. All of Margaret's data was given me Aug. 4, 1951 when I called on Mrs. Lydia E. Day of Yeddo (Kingman) Indiana in company with Miss Anna M. Aldridge. Mrs. Day is Margaret's grand-daughter. Margaret Stucker was not assigned to this family in the George Stucker Book II because it was thought at that time she belonged to the family of 23-Jacob. Margaret and George lived in Fountain Co., Indiana and he is written up in the Fountain County History.

NOTE: On August 20, 1951 Mrs. Lydia E. Day wrote me as follows:

> "My grandmother's father (28 Henry) being a great fiddler, they say that the Indians would come to his place for him to fiddle for them as they liked music, and that is why they liked him."

So from above we refer to the saying, "That music hath its charm to soothe the savage breast", seems applicable in our forefather's times as well as at the present.

Gordon's business activities were varied. When first married he was Assistant to Sales Manager of Cable Piano Co. of Chicago; later was sent to Cedar Rapids, Iowa by that company as representative for five or six states. Then back to Chicago as Assistant to Vice-President; then sent to St. Paul, Minnesota by them to conduct a retail store. Becoming weary of moving his family so much, he took a position with the Stoner Piano Company at Des Moines until 1929 when luxury items became slow business. He then took a position with the Travelers Insurance; then later to the Williams Oil-O-Matic Heating Corporation. At the death of his father in 1936 his mother needed him at Ottawa, so he commenced to look around for a connection there. In 1938 he bought out the John Deere Implement Company which was for sale at that time. His business was known as the Ottawa Tractor and Implement Company which he conducted successfully until his death in 1954.

Gordon developed in the southeast section of Ottawa an area known as 'Rockwood Acres.' He built a beautiful home at 1 Rockwood Drive and moved into it in the fall of 1953.
Gordon was a former student at Ottawa University; he was active in civic, community and church activities; for many years a member of the Board of Trustees of Ottawa University; member of Ottawa Rotary Club; past president of the Ottawa Chamber of Commerce; was a 32nd degree Mason. However, it was said of Gordon that his greatest asset was his jolly, friendly nature. With the cooperation of his wife, I present a picture of Gordon taken a short time before his death.

CHAPTER II

This chapter is devoted to the two sons of (4) Jacob Stucker who was a brother of (2) George Stucker. They are the ones who left Pennsylvania during the Revolution and went south to Virginia and North Carolina. This chapter is divided into two parts to show the descendants of the two sons. See Preface, page 14. Only a few of the descendants will show in this book for the reason that Anna M. Aldridge is treating them fully in her book JACOB STUCKER AND HIS KINSMEN. Anna M. Aldridge is listed in Part 1; Part 2 lists Phillip Stucker's descendants. The reason for listing these are that a number of them live in Kansas City, Missouri, Leavenworth and Wichita, Kansas, and some at Denver, Colorado.

When the mother (Mary McCrosky-Stucker) died in 1869 at the age of 94, they moved away. We have a picture of Mary McCrosky-Stucker taken a short time before her death - she was Irish. Her son Preston was willed the home to care for his mother. After Preston moved west the folks in Indiana never could locate the family records."

CHAPTER III

This chapter will deal with several from whom I have heard of through correspondence but who do not seem to belong to the Michael Stocker, Immigrant, family, born 1700 and arrived in America September 21, 1731.

First, I will list DANIEL STUCKER (STOKER) OF NORTH CAROLINA

This man's family was called to my attention by Mrs. Madeline E. Fletcher of Phoenix, Arizona in a letter dated February 10, 1954. She mentioned there was a Michael Stoker in her family. He was her third greatgrandfather. She wrote that she did not know where he was born but she had the impression he came from Pennsylvania. This Michael Stoker was in Ashe County, North Carolina in 1800. He moved to Jackson County, Ohio, and was listed in Fairfield County, Ohio in 1810. In 1836 the sons and daughters of this Michael Stoker started moving westward. Their descendants now live mainly in the states of Arizona, California, Iowa, Utah and Nevada.

I replied to Mrs. Fletcher's letter and received a second letter February 17, 1954 in which she stated that although her line was spelled "Stoker" but it was Swiss or German origin.

Mrs. Fletcher also wrote that while visiting her mother in San Diego, California she met a Rulon Stoker who was a descendant of this Michael Stoker. She mentioned dropping the letter "c" from Stocker. She stated that the Ashe County, North Carolina 1800 Census showed their Michael as "Stucker" but after that date it was still spelled Stoker.

She stated DANIEL STUCKER, according to her papers, was living along Dutch Buffalo Creek in District 12 of Mecklenburg County, North Carolina in 1790 (Reference: Worth S. Day, THE LOST TRIBES OF NORTH CAROLINA). Mrs. Fletcher also writes that a Michael and Adam Walker (unfortunately her Welkers are recorded as Walkers) were living near this Daniel Stucker in 1790.......That the property of Welkers and Stokers was in Ashe County along Little Horse Creek, a tributary of the New River. They may have lived in what is now Wythe or Montgomery county, Virginia........The notes of Mrs. Fletcher's mother show their Michael Stoker arrived in Philadelphia 21 Sept. 1731, age 31. This is exactly the same as our Michael Stocker or Stockar, as that was his landing date and age. Our dates are in RUPP'S LANDINGS. However, we have positive proof that our Michael Stocker was not in Ashe County, North Carolina in 1800 as mentioned in the first paragraph above.

GENERAL GENEALOGIES, Index 39, gives DANIEL STUCKER as being born in the 1750's and being head of the family in North Carolina. This description does not reconcile with our Michael Stocker of Berks County, Pennsylvania, unless he could be a son of John Stocker, one of the small children who came to America with their parents. The meager data we have on John Stocker (sometimes written Stucker) appears on page 17. Later, in another family, we endeavor to identify them with the John Stocker family as we have only the name of five children - no descendants. If any one wishes to write to this author any data they have on this family, please do so.

JOHN STOKER or RUSSELL PARKS STUCKER

INFORMATION FURNISHED BY

OLIVER DANIEL STUCKER

CEDAR RAPIDS, IOWA

In response to a number of circular letters which I sent in September 1954, I received a letter from Mr. Oliver D. Stucker of Cedar Rapids, Iowa dated Jan. 31, 1955, in which he said he was attaching a copy of some information his father Samuel B. Stucker gave him August 28, 1928. He remarked that his great-grandfather's name was written "Stoker" and that his grandfather's name was "Stucker" and that he was lead to believe that his grandfather changed the name from Stoker to Stucker when he came to Iowa in 1867. He did not know why the name was changed. I will give the information that Samuel B. Stucker gave his son, as follows:

"My great-grandfather, John Stoker was born in American but his father came from Holland. He married a Miss Bright in Pennsylvania who was of Irish parents. They settled in Columbia County, Pennsylvania and John Stoker fell heir to his father's estate of 400 acres and other property such as a saw mill. This land was in Columbia County near Stillwater, Pennsylvania. He was quite an influential man in his community. He died at the age of 60 or 65. His wife lived to be in her 90's.

"Ten children were born to them, five boys and five girls. Jacob was the oldest child. Three lived to be in the 90's. Russell Parks Stoker (Stucker) was about the fourth or fifth child in this family. He was born in Columbia County, Pennsylvania and came to Iowa on December 5, 1867. My father, Samuel B. Stucker, was a son of Russell Parks Stoker/Stucker and died in August 1929 at West Liberty, Iowa."

To show these descendants listed as to generations, I am taking the liberty of listing them in same manner as the Stuckers in Chapter I and II, using "0" (zero) as the unknown origin.

After going over the information given on pages 183 to 187 inclusive, we (meaning Miss Stewart and Essie Stucker) are unable to identify this John Stoker with the Michael Stocker (Stockar) family who came to America September 21, 1731.

John Stoker may be a son of one of the Stockers who sailed from Holland a few years later. We do not know where they settled. For you information we give the dates of arrival in Philadelphia of six Stockers - perhaps they were related to Michael who was born 1700 but we have no proof of it:

Peter Stocker	arrived in Philadelphia, Pa.,	Oct. 12, 1733
John Valentine Stocker	arrived in Philadelphia	Sept. 5. 1738
Christian Stocker	arrived in Philadelphia	Oct. 25, 1738
Johannes Stocker	arrived in Philadelphia	Oct. 23, 1752
Joh Georg Stocker	arrived in Philadelphia	Sept.25, 1753
John Engel Stocker	arrived in Philadelphia	Nov. 5, 1764

As there were 800 or more exiles from Palatine, Germany in Holland wanting passage to America when Michael and Margaret Stockar sailed, no doubt the two or three listed above as landing in 1733 or 1738 might have been part of this colony. Many families who sailed from Holland seemed to think they were Hollanders, when in fact they were either Swiss or German exiles.

Now that the John Stoker in this section probably did not have any children until about 1820, he could have been a child of either John Valentine, Peter, Christian, Johannes or Joh Georg Stucker, as that would all depend on the ages of these men when they landed in America. We presume this John Stucker was born approximately 1790.

At some time we may receive more information on this family, but for the present we must leave it "as is."

O ELIAS STUCKER BORN 1812

On September 23, 1954 Mr. Lewis A. Stucker, Enid, Oklahoma replied to my form letter of September 16 regarding the genealogy of his family. Lewis stated that he had the family Bible as far back as his great-grandfather, Elias Stucker who was born 1812 and died 1891.

To line up this information according to generations, I give the following:

2nd Generation

O ELIAS STUCKER b. 1812; d. 1891. Knows not where he was born. He lived at Fredericksburg, Ohio for many years.
m. - wife's maiden name not given.
They had a family of seven boys and two girls.

m. (2) - second wife's name not given. They had two boys and three girls.

When Joseph M. was 1-1/2 years of age his parents moved to Weeping Water, Nebraska; at 21 he moved to Cameron, Missouri, which is 54 miles northeast of Kansas City, Mo. In 1955 he was living at 3718 North 25th Street, Tacoma 7, Washington.

Issue
0531 Ethel Stucker ; m. C. E. DILLON of Enid, Okla. - no issue
0532 Kathryn Stucker ; m. C. E. WOELKE of Enid, Okla. - no issue
0533 Lewis Allen Stucker b. 2-11-1905 at Kremlin, Okla; m. - wife's maiden name not given. Have no children; they lived at 1706 East Maple Street, Enid, Oklahoma in 1955.
The two girls seem to have been born at Cameron, Mo. but not definitely stated.

NOTE: Joseph M. Stucker of Tacoma, Washington wrote me January 5, 1955, enclosing a snapshot of his half sister, Laura, and Claude, the half-brother, also his two girls, Ethel Dillon and Kathryn Woelke of Enid who were visiting him at that time.

Just where this Elias Stucker came from is hard to determine. Jennie E. Stewart said he could be the son of a Jacob Stucker who was m. 3-17-1793 to Catherine Buhler (Beiler). This family is listed on page 17. The family of (10) John Stocker (Stucker) was never traced beyond his immediate children.

WERNER STUCKER BORN MARCH 5, 1891

Bern, Switzerland

On September 22, 1954, I mailed a number of form letters to various Stuckers who were listed in telephone directories of principal cities of U. S. A. On September 26, 1954 I received the following letter:

"VIA AIR MAIL

San Francisco 24th Sept. 1954

"Dear Miss Stucker:

"In answer to your letter dated September 22, 1954. Certainly was surprised to find some more of my name in America. From my family I am the only one in America. The rest are living in Bern, Switzerland. You are the only Stucker I can remember meeting in America. Been here since 1925 - traveled all over the country and seen my name in some little town in Kansas - 'STUCKER, THE HATTER'. Of course, that is not the information you want, but sorry that's all I can help.

"I am in possession of a family tree far back - 1640 where there is a Michael Stucker born in Gross Hochstetten Canton, Bern, Switzerland: also his son Hans born 1677. This chart or family tree is (hold) up to date till 1952. Should you be interested I'll send you this Stammbaum with the promise of return in proper time.

"I am also in possession of the family Crest. A glass painting in color and it certainly would interest me to know if yours is the same - mine suppose to be the original one, but this is just a guess and sometimes have my doubts. The research of the crest was done by a Oukel Proffesor Stucker who was tutor to the Royal House of Greece.

"Should you be interested some more of my family will be glad to give you full information. But as said before, everyone is in Switzerland except one brother who is Ambassador in Peru. My nephew is counsel of Peru in Switzerland - Bern.

"As you may see - my writing could be improved.

"Enclosed a snapshot just to see if there is any resemblance in your family.

"Do hope to hear from you.

I beg to remain,

Yours truly,

/s/ W. Stucker"

The envelope bore the name of
Werner Stucker
3919 21st Street
San Francisco 14, Calif.

I answered Werner's letter on September 27, 1954, telling him I would be very glad to receive a copy of the Stammbaum. I sent him a picture of Jeptha Stucker, my greatgrandfather, taken about 1880, a few years before he died; another picture of my father, my brother Jess and son Edmund, taken about 1920, and one of myself taken in 1948. These pictures were sent for comparison of features.

On October 7, 1954 I received from Werner Stucker his family Stammbaum, which was very artistic and copyrighted, so will not attempt to duplicate but later will list the main persons in line of descent, together with Werner and his brothers and sisters. His second letter arrived at the same time as the Stammbaum. The letter had pictures of his father, their home in Bern, Switzerland, which pictures he requested that I return to him with the Stammbaum. The letter follows:

"San Francisco October 3, 1954

"Dear Miss Stucker:

"Many thanks for letter and pictures. Knowing what you are very much interested of getting future dates for your research. As I told before, that I hardly think we are of the same lineage. Sending you family tree - may it help you. As far as you may see there is no Stockar, and knowing that there are about four or five families by that name in Switzerland. Years ago letter addressed to Mr. Stucker, Switzerland, my father always got possession of it. Now there are a number more as there are four brothers and six sisters - meaning five boys, six girls from my father's side. So these four brothers are married and have sons, grandsons. Then for the name will not die out.

"You may get better information from this here family tree. Also Coat of Arms must be altogether of different lineage. Enclosing a small plaque just to show you. As I mention previously, have a beautiful glass painting in colors, inlaid with lead as you may see in churches. Its hanging on the window on chains. The original suppose to be in the Museum in Bern. This replica am forwarding you is not complete. Above the helmet is a Ducal Crown and above the crown you see the same figure as you found on the plaque. Where the crown comes I don't know, and to my opinion its spurious. Of course my folks have different opinion, so will not stay on that subject.

"As I told you before - born 3-5-1891 in Bern, Switzerland, educated in private school. Indifferent scholar - always rebellious to study and discipline, which in those days have been harsh and unjust. Got into frequent troubles with teacher, tutor and servants at home. So altogether Werner was classified in the early age of eleven as the black sheep. Family ties plenty but love very little - could never express myself - afraid I hurt someone or misuse the name of Stucker. Here in America I be called a healthy normal boy. Over there traditions are different and stupid. Religious upbringing Protestant. So much money and too many etiquette, so in the age of eleven was taken to French Switzerland where I was in private institution for four years where I learned French, some English and Italian. Was a very smart place but deep in my heart I didn't like it - so much ceremonies and discipline. Studies very poor - only notice I got for having a medicore voice. Some confession, but you wanted to hear from me and now you can see that hard head is typical Stucker.

"Later on was sent to another private school, what we call 'Pensionate in stalie', stayed and done real well as I had my main subject - Music. Still my folks wondering what will become out of me. Always worry that I may disgrace their name. So at the age of seventeen I had to decide which way I wanted to go. My ambition was stage - theatrical profession. You should have heard my family - it was worse as if I committed the biggest crime. Family consultation - never before in my life was such an offer but to the good name of Stucker. Show business out of question. So again that is that, obedient lamb-like poor me had the only alternative to do as I was told. Could go to school, university - money no object, or learn something useful. So here I was young and tender and know what I shall do. My father had hundreds of ideas, but I had mine but as usual poor me give in what else could I do. So I shall learn the hotel business from the bottom up. Which I did, so I learned for three years the fine art of cooking and baking; then one and a half year special school for hotel industry, so at the age of twenty-two earned my first dollar in my life. Father and Mother got more sense in their older age, and more mellow, so one day my Father made me a proposition: If I could make a living without assistance for a year and a half, he would help me with my singing career. So I really was ambitious and showed him I could just do that he wanted me. One year and a half passed and my Father, good to his word, gave me full assistance for my new career. He told me if I would not succeed in that line, I always had something to fall back on. I certainly realized that now, so for number of years I made a fine living singing mostly operatic work. Traveled all over the world and really had a good time. Russia, the Orient, Australia, South America and Europe. Then the World War I. So go (?) went my career - 1925 came to America, tried again but people changed - no classical - poplar song. So I have to go back to my early training. Money which I never saved - asking from home not me, so after a hard struggle found job and found out that my knowledge was appreciated, so here I am in San Francisco older but wiser making $20 a day and meals in the Women's Athletic Club - owning my home and very happy and content.

"Father passed away in the age of 80 - Mother six months later in the age 79. My relations in Europe are corresponding with my sister which is 71. Have no desire to go back, as the rest of the family still lives the life of high society. My sister was over here for a visit and I really showed her the country of California. Then my brother and his wife made a stay of three days here on their world cruise; also two of my nephews give me a week visit.

"So here I am the only Stucker from my lineage in America but still possess my freedom, good health and all of all a good sense of humor. Things I do here seem to be right; at home nothing was right. Recreation, camping, collecting antiques and still music. Have over 700 records, mostly classic, so here you have my life story - 63 years now and never had any intoxicating drinks but relax by smoking, the only bad habit as far as I can see.

"So here you got my life story - just to show you a Stucker from a different side. Thanks for reading it to the end.

I beg to remain yours,
Just another Stucker."

As these two letters were written to me personally, I have written Werner for permission to publish them as he wrote, also to give the eight generations represented on his family tree - the Stammbaum.

Here is the listing that showed on the Stammbaum with my insertions of generations:

2. Friedrich Stucker b. 8-11-1879

10. Paul Arthur Stucker b. 11-10-1899 - Ambassador to Peru
11. Hilda Erma Stucker b. 7-28-1905

As the writer does not know the German language, we may have mistranslated some names. However, we believe in quoting Werner's letters give you a fair picture of him. This is all we know about Werner Stucker.
